

## Got Some Time and Some Talent?

Do we have some opportunities for you! St. David's has a number of vital ministry teams that are key to spreading the word about St. David's and the programs we offer. No special experience is needed...just a willingness to share ideas and spend a couple of hours a month working with your fellow parishioners. Here are some ministry teams that particularly welcome your participation.

**Welcome/CONNECT:** This highly successful committee takes the initial warm greetings visitors experience when they walk through the doors of St. David's and brings them into a better understanding of St. David's through such "get acquainted" events as the newcomer's lunch and the Coffee CONNECT.

**Marketing:** Some creative thinking is needed to raise awareness of St. David's and to entice people to visit us and potentially join as new members.

**Communications:** The key to just about everything! The work includes both internal and external communications through *Life, Happenings*, social media and our Website. Experience with social media and websites is a plus!

**Fundraising:** Help plan and organize events – large and small – to raise funds for important needs and emergency situations.

**Please answer the call to serve** and join one or more of these important ministry teams by contacting Buz Price (bprice@sdlife.org).
