

## St David's Stewardship Comments

I was looking for a congregation that cherishes all who are searching for the meaning of life through faith.

*"Wherever you are on your journey, to this table, you are most warmly welcome"*. God's road of faith is often not easy but we are supported by everyone who walks alongside us. St David's nourishes us on this human journey of faith.

*"We repent of the evil we have done and the evil done on our behalf"*. The last few years, we have faced significant issues in our nation, our community, our families and, especially, in our own hearts. St David's is a community that challenges us to recognize that we all share responsibility for our world, our community and for each other.

*"...The gifts of God for the people of God..."* Those words are reflected in the members, the active faith, the ministries, worship services, community spirit and the dedicated work of the clergy and staff of St David's. All are truly the grace-filled gifts of God.

*"Now live without fear..."* Hearing these words I'm reminded of the importance of trusting in a God who is always near and welcoming, of trusting in the love of those around me and in the faith that defines and binds us together. St David's is a source of the strength, courage and peace we need. We make this journey as a community, relying on God's presence, each other and the gifts we share as spiritual beings on a human journey back to God.

For these, and, I'm sure, other reasons I don't yet understand, St David's is the spiritual home I've been seeking and is worth supporting and nurturing personally and financially.
