Next Steps

- Interim Rector Starts December 1st (here for 2 years). We will be working with Rev. Susan to continue to build the SD Connections program.
- SD Connections team will continue to move forward in the meantime.
- SD Connections groups – Leadership team will not be micro-managing the groups. We will be facilitators for the group facilitators.
 - Exception, if groups with minors (under 18) we will be following all of the safety protocols.
- Groups will form based on how many facilitators are ready to start at this time (suggesting co-facilitators to share responsibility).
- Materials/resources will be available for facilitators.
- Possibly look at opportunities to join other churches such as St. Gabriel's.

Next Steps

- Who on this call is ready to step forward? We need to hear from you and potential group facilitators.
- Your ideas for SD Connections groups?
- We will follow up with you (and those that identified themselves in the survey) within the next 2 weeks to discuss your interest in a group to be formed and answer questions on how to get started.
- After we are able to determine what we have the resources for, we will support publicizing and bringing in members for the new connection groups.
