

Stewardship Testimonial from Suzy Nathan

I've been attending St. David's for over 20 years and have been blessed to be involved with the community. I was moved to volunteer through the preschool when my children were young, which led to serve with the Family Ministry, Vacation Bible School and then REACH. Later I joined the vestry and most recently served as a verger. Each opportunity has varied in commitment, but every one has proved to be an honor to serve, for which I am grateful. Commitment of time and talent, in addition to treasure, is an important and rewarding way to serve in the ministries at St. David's. I encourage everyone to get involved as they feel called.
